

Macquarie Income Opportunities Fund PDS Update

Dated 9 March 2012
ARSN 102 261 834
APIR code MAQ0277AU

Issuer: Macquarie Investment Management Limited
ABN 66 002 867 003
AFS Licence Number 237492

Investments in the Macquarie Income Opportunities Fund (Fund) are not deposits with or other liabilities of Macquarie Bank Limited ABN 46 008 583 542 or any member of the Macquarie Group and are subject to investment risk, including possible delays in repayment and loss of income and principal invested. Neither Macquarie Bank Limited nor any member of the Macquarie Group guarantees the performance of the Fund or the repayment of capital from the Fund or any particular rate of return.

This Product Disclosure Statement Update, dated 9 March 2012 (PDS Update) updates information in the Macquarie Income Opportunities Fund Product Disclosure Statement dated 16 August 2010 (PDS). The PDS and this PDS Update should be read together.

With effect from 2 April 2012 (Effective Date), the Fund's maximum allocation to the hybrid securities will decrease from 30 per cent to 10 per cent. As a result, the following change to the PDS is made with effect from the Effective Date.

On page 4 of the PDS, the table under the section entitled 'Opportunistic sector rotation' is replaced with the following:

Sector	Minimum (%)	Maximum (%)
Core portfolio includes: RMBS, CMBS, floating rate notes, asset backed and fixed rate corporate debt securities	20	100
Hybrid securities	0	10
Global investment grade debt securities	0	40
Global high yield securities	0	15
Emerging market debt securities	0	15
Credit opportunities	0	20

The above ranges are indicative only. Where allocations are outside these ranges, our intention is to re-balance the Fund within a reasonable period after the limits are exceeded.

Important information

This information was prepared by Macquarie Investment Management Limited ABN 66 002 867 003 AFSL 237492 (MIML), the issuer of units in and the responsible entity of the Fund and is current as at the date of this PDS Update.

An invitation to apply for units in the Fund is made in a PDS. The PDS can be obtained free of charge on request by calling 1800 814 523. In deciding whether to acquire or continue to hold an investment in the Fund, investors should obtain the PDS and consult its contents.

Macquarie Income Opportunities Fund
Information Update
Dated 18 August 2010
ARSN 102 261 834
APIR code: MAQ0277AU

Issuer: Macquarie Investment Management Limited
ABN 66 002 867 003
AFS Licence Number 237492

This Information Update, dated 18 August 2010 provides background information on proposed changes to the tactical asset allocations for the Macquarie Income Opportunities Fund. These changes will take effect from 15 September 2010.

Macquarie Income Opportunities Fund – Tactical Asset Allocation Range Changes

After a review of the investment strategy for the Macquarie Income Opportunities Fund ARSN 102 261 834 (the “Fund”), the responsible entity, Macquarie Investment Management Limited (“MIML”), has decided to revise the ranges for the following sectors effective 15 September 2010:

Asset Class	Current Allocation	New Allocation
Emerging Market Debt Securities	0-10%	0-15%
Hybrid Securities	0-50%	0-30%
Credit Opportunities	0-10%	0-20%

The rationale for these incremental changes is as follows:

1. Emerging Market Debt Securities – the nature of this sector has changed since the launch of the Fund in 2003, with an increasing proportion of the Emerging Market Debt investible universe now considered to be “investment grade” quality. The relative resilience of this sector during the Global Financial Crisis (GFC) highlighted that the sector’s risk profile has improved. As such, MIML believes that the maximum permissible range of this sector can be increased without changing the risk profile of the Fund. Importantly, the neutral allocation to this sector remains unchanged at 0%.
2. Hybrid Securities – after conducting in-depth analysis on the domestic hybrid market, which culminated in a research paper which can be made available on request, MIML found that certain hybrids had a risk profile closer to equities than that of fixed interest. Despite never investing more than 30% in domestic hybrids during the life of the Fund, MIML believes that the risk profile of hybrids has changed. As such, MIML has decided to reduce the maximum possible allocation to this sector from 50% to 30%. The neutral allocation to this sector remains unchanged at 0%.
3. Credit Opportunities – this sector was introduced to the Fund in March 2009 as a result of the unique opportunities that stemmed from the GFC, particularly in credit markets. Despite being some time since the depths of the GFC, unique opportunities in credit markets still exist. To better enable the Fund and investors to take advantage of these opportunities, MIML has decided to expand the maximum possible allocation to this sector to 20%. The neutral allocation to this sector remains unchanged at 0%.

MIML believes that these changes will allow us to better position the Fund for differing market conditions, and will provide greater flexibility to take advantage of opportunities stemming from the GFC. Based on extensive testing conducted by MIML, we believe that the risk profile of the Fund is unchanged as a result of the changes. The management fee on the Fund also remains unchanged.

If you have any questions regarding these changes please contact MFG Client Service on 1800 814 523 or mfg.clientservice@macquarie.com. The Product Disclosure Statement for the Fund dated 16 August 2010 reflecting the above changes is available on www.macquarie.com.au/pds or by contacting MFG Client Service.

Investments in the Macquarie Income Opportunities Fund (the “Fund”) are not deposits with or other liabilities of Macquarie Bank Limited ABN 46 008 583 542 or any member of the Macquarie Group and are subject to investment risk, including possible delays in repayment and loss of income and principal invested. Neither Macquarie Bank Limited nor any member of the Macquarie Group guarantees the performance of the Fund or the repayment of capital from the Fund or any particular rate of return.

PRODUCT DISCLOSURE STATEMENT

Dated 16 August 2010

Issuer: Macquarie Investment Management Limited
ABN 66 002 867 003
AFS Licence Number 237492
ARSN 102 261 834
APIR code: MAQ0277AU

Investments in the Macquarie Income Opportunities Fund (the Fund) are not deposits with or other liabilities of Macquarie Bank Limited ABN 46 008 583 542 or any member of the Macquarie Group and are subject to investment risk, including possible delays in repayment and loss of income and principal invested. Neither Macquarie Bank Limited nor any other member of the Macquarie Group guarantees the performance of the Fund or the repayment of capital from the Fund or any particular rate of return.

Macquarie Investment Management Limited (Macquarie, we, us, our), as the issuer of this Product Disclosure Statement (PDS), invites you to invest in the Fund. This offer is only open to persons receiving this PDS as a hard copy or electronically within Australia and New Zealand.

This PDS contains general advice only and has been prepared without taking into account any investor's objectives, financial situation or needs. Investors should read the PDS carefully and assess whether the information is appropriate for them in respect of their objectives, financial situation and needs. We encourage investors to talk to a financial adviser before making an investment decision.

In this PDS, an administration service or an investor directed portfolio service such as a master trust, wrap account or nominee service is referred to as an 'IDPS'. The trustee or operator of the IDPS is referred to as an 'IDPS operator'.

We consent to the use of this PDS by IDPS operators that include the Fund on their investment menus.

If you are printing an electronic copy of this PDS, you must print all pages including the application form. If you make this PDS available to another person, you must provide them with the entire electronic file or print out, including the application form. The information in this PDS may change from time to time. Where information that changes is not materially adverse to investors, we may update this information by publishing changes on our website at www.macquarie.com.au/updatedinformation. A paper copy of this PDS (and any supplementary documents or updated information) can also be obtained free of charge on request by calling Macquarie Funds Group Client Service on 1800 814 523 or +61 2 8245 4900.

All references to "dollars" or "\$" herein refer to Australian dollars.

Warning statement for New Zealand investors

- a) This offer to New Zealand investors is a regulated offer made under Australian and New Zealand law. In Australia, this is Chapter 8 of the Corporations Act 2001 and Regulations. In New Zealand, this is Part 5 of the Securities Act 1978 and the Securities (Mutual Recognition of Securities Offerings—Australia) Regulations 2008.
- b) This offer and the content of the offer document are principally governed by Australian rather than New Zealand law. In the main, the Corporations Act 2001 and Regulations (Australia) set out how the offer must be made.
- c) There are differences in how securities are regulated under Australian law. For example, the disclosure of fees for collective investment schemes is different under the Australian regime.
- d) The rights, remedies, and compensation arrangements available to New Zealand investors in Australian securities may differ from the rights, remedies, and compensation arrangements for New Zealand securities.
- e) Both the Australian and New Zealand securities regulators have enforcement responsibilities in relation to this offer. If you need to make a complaint about this offer, please contact the Securities Commission, Wellington, New Zealand. The Australian and New Zealand regulators will work together to settle your complaint.
- f) The taxation treatment of Australian securities is not the same as for New Zealand securities.
- g) If you are uncertain about whether this investment is appropriate for you, you should seek the advice of an appropriately qualified financial adviser.
- h) The offer may involve a currency exchange risk. The currency for the securities is not New Zealand dollars. The value of the securities will go up or down according to changes in the exchange rate between that currency and New Zealand dollars. These changes may be significant.
- i) If you expect the securities to pay any amounts in a currency that is not New Zealand dollars, you may incur significant fees in having the funds credited to a bank account in New Zealand in New Zealand dollars.*
- j) The dispute resolution process described in this offer document is only available in Australia and is not available in New Zealand.

* Redemptions and distributions of income will only be paid, in Australian dollars, to Australian bank accounts.

Fund features at a glance

The table below is a summary of the key features of the Macquarie Income Opportunities Fund and a guide to where more detailed information can be found in this PDS.

About the Fund		Page
What type of investment is this?	A registered managed investment scheme.	04
Who is the responsible entity of the Fund?	Macquarie Investment Management Limited.	04
Who manages the Fund?	Macquarie Investment Management Limited.	04
What is the Fund's objective?	The Fund aims to provide higher income returns than traditional cash investments and can have some volatility over short time periods. The Fund's performance is benchmarked against the UBS Bank Bill Index.	04
Commencement date of the Fund	19 September 2003.	04
What is the suggested minimum investment timeframe?	Twelve months.	04
What does the Fund invest in?	The Fund provides exposure to the full spectrum of domestic credit based investments such as short dated floating rate instruments. It may also invest in global investment grade, high yield, emerging market debt and credit opportunities. The Fund invests directly or indirectly via Macquarie managed funds, as well as externally managed funds.	05
Minimum transaction and balance requirements		
Direct investors		14
Minimum initial investment	\$20,000	
Minimum additional investment	\$10,000	
Minimum balance	\$10,000	
Indirect investors	We suggest you contact your IDPS operator for minimum transaction and balance requirements.	
Fees		
Entry fee (referred to as a 'contribution fee')	No entry fee is payable.	09
Management fee	0.492% pa of net asset value (inclusive of the net impact of Goods and Services Tax (GST)).	09
Performance fee	The Fund may invest in underlying funds (including other Macquarie funds) that charge a performance fee. It is not possible to estimate what the performance fee of an underlying fund will be for reasons discussed on page 10.	10
Exit fee (referred to as a withdrawal fee)	No exit fee is payable.	09
Switching fee	No switching fee is payable.	09
Buy/sell spread estimate	Our estimate in normal market conditions is + 0.15% of the unit price for applications and – 0.15% of the unit price for redemptions. However, in stressed and dislocated markets, the buy/sell spread may be significantly higher. From time to time, we may vary the buy/sell spread without notice to reflect changing market conditions.	10
Risks		
There are a number of risks that may affect the value of your investment. At the date of this PDS, some of the key risks include, but are not limited to, the following:	Volatility risk. The price of the Fund's investments or the unit price of the Fund itself may go up and down by a material amount, even over a short period of time. Over the past few years, markets have become more volatile; indeed volatility in some markets is at very high levels. Investing in periods of high volatility implies a greater level of risk for investors than an investment in a more stable market. You should carefully consider this additional volatility risk before making any investment in the Fund.	05

Risks (continued)		Page
	<p>Income securities risk refers to changes that may affect the fixed income and debt markets. A change in factors such as perceptions of the credit risk premium associated with certain securities, supply and demand pressures, and global views on the value within a sector may influence the value of such securities and hence your investment in this Fund.</p> <p>The Fund may be exposed to a wide range of securities including Government debt, investment grade debt, Australian hybrids, high yield bonds, emerging market debt, residential mortgage backed securities, commercial mortgage backed securities, credit default swaps and structured debt securities. Some of these securities will not have independent credit ratings or will have non-investment grade credit ratings. Further, the risk of default by the issuers of the securities will vary markedly. Therefore an investment in the Fund should not necessarily be seen as a low risk investment.</p> <p>High yield debt risk is present within this Fund as it has the ability to gain exposure to securities which are considered below investment grade.</p> <p>Emerging market risk. The Fund may invest in securities that provide exposure to emerging markets. Emerging markets are typically more volatile than developed markets. Such investments may expose the Fund to issues such as heightened political unrest, sovereign intervention, securities whose valuations fluctuate widely and the potential for domestic economic management to impact on the viability of operations within that market. There is also the risk that economic growth in emerging markets will decline or cease, adversely affecting the performance of this Fund.</p> <p>For a full description of these and some other significant risks please see section entitled 'The risks' which begins on page 5. You should read the risks section in full and seek your own professional advice in relation to an investment in the Fund.</p>	
Distributions		
Frequency	Normally monthly.	16
Unit pricing		
Frequency	Normally daily.	16
Cooling off period		
Direct Investors	<p>If you are a Retail Client (as defined in the Corporations Act) and invest directly into the Fund but decide the Fund is not suitable, you may request a redemption of your units during the 14 day cooling off period.</p> <p>The cooling off period commences when you receive your transaction confirmation or five business days after your units are issued, whichever is earlier.</p>	15
Indirect Investors	You should consult your IDPS operator about any cooling off rights you may have.

The Macquarie Income Opportunities Fund generates income by investing in the full spectrum of domestic credit based securities, with the potential to invest in global credit based securities. The Fund aims to provide higher income returns than traditional cash investments and can have some volatility over short time periods. The Fund is benchmarked against the UBS Bank Bill Index.

The Fund is managed by Macquarie Investment Management Limited (Macquarie, we, us, our), which is part of Macquarie Funds Group, a division of the Macquarie Group.

We are a full service fund manager with over 30 years experience. We offer a diverse range of products including managed funds across a wide range of asset classes, funds-based structured products, hedge funds and funds of funds.

The Fund seeks to add value consistently through interest rate and economic cycles and is able to invest across the full spectrum of domestic and global credit investments. These include asset backed securities, hybrid securities, domestic and global corporate debt, global high yield, emerging market debt and a range of other credit opportunities. Generally, exposures will be in floating rate securities or converted to floating rate exposures through the use of derivatives such as swaps and futures. All investments in offshore sectors are hedged back into Australian dollars.

The Fund may also use credit derivatives to implement investment strategies. These include taking short credit positions by purchasing protection on issuers that we believe are over-valued or at risk of downgrade.

The core portfolio

The Fund invests predominantly in floating rate notes, residential mortgage backed securities (RMBS) and commercial mortgage backed securities (CMBS). These credit based securities typically trade at a yield margin that is above bank backed and government guaranteed securities, reflecting the risk premium associated with the additional credit, structural and often underemphasised liquidity risks of these types of securities.

We use a disciplined framework where each proposed investment is subject to due diligence that assesses risk and relative value. The objective is to avoid event risk and potential rating downgrades. As the market does not perceive all credit securities to be of equal risk, we carefully assess the risk of the available securities and look to purchase quality securities that offer an attractive yield margin.

Opportunistic sector rotation

We take an opportunistic approach to investing in hybrids, global investment grade credit, high yield

securities, emerging markets and credit opportunities. Our aim is to invest in these sectors when they are expected to outperform and have a zero allocation to these sectors when they are not. Credit opportunities include credit securities such as Australian RMBS, offshore asset backed securities, bank loans and other credit opportunities and aims to take advantage of dislocated market conditions.

The sector ranges are as follows:

Sector	Minimum (%)	Maximum (%)
Core portfolio includes: RMBS, CMBS, floating rate notes, asset backed and fixed rate corporate debt securities	20	100
Hybrid securities	0	30 ¹
Global investment grade debt securities	0	40
Global high yield securities	0	15
Emerging market debt securities	0	15 ¹
Credit opportunities	0	20 ¹

The above ranges are indicative only. Where allocations are outside these ranges, our intention is to re-balance the Fund within a reasonable period after the limits are exceeded.

Specialist managers

Domestic investments and credit opportunities are managed by Macquarie while the global investment grade, high yield securities and emerging market debt are managed by specialist managers. We select our specialist managers using a rigorous process that draws upon the resources and skills of all aspects of our fund management operations. We continually review our managers and can change them if we believe this is appropriate.

Ethical investments

Our investment decisions are primarily based on economic factors and we do not specifically take into account labour standards or environmental, social or ethical considerations. However, these considerations may be taken into account if they have the potential to materially affect the value of the investment, but no specific methodology is applied.

The Fund provides exposure to the full spectrum of domestic credit based investments such as short dated floating rate instruments. It may also invest in global investment grade, high yield, emerging market debt

¹ These maximum target allocations are effective from 15 September 2010. Prior to 15 September the maximum target allocations for "Hybrid securities", "Emerging market debt securities" and "Credit opportunities" were 50%,10% and 10% respectively.

and other credit opportunities. The Fund may invest directly or indirectly via Macquarie managed funds, as well as externally managed funds.

Performance history and Fund size information can be obtained from:

- > www.macquarie.com.au/performance
- > Client Service on 1800 814 523 or +61 2 8245 4900, 8.30am to 6.00pm, Sydney time, Monday to Friday; or
- > your IDPS operator and financial adviser.

To calculate the performance of the Fund, we comply with the standards set by the Financial Services Council (FSC). Performance figures are calculated before tax and after deducting ongoing fees and expenses, using net asset value prices, assuming that income is reinvested and that the investment is held for the full period. The performance figures are historical and past performance is not necessarily an indication of future performance. Returns can be volatile, reflecting rises and falls in the value of the underlying investments.

If you are investing through an IDPS, the net performance of your investment in the Fund may be different from the information we publish, due to cash flows specific to your portfolio and any fees charged by the IDPS operator.

This Fund offers investors:

- > access to a diversified portfolio of credit based floating rate securities;
- > potential for higher returns through opportunistic access to offshore markets;
- > potential protection against interest rate and currency moves;
- > the potential for franking credits.

In general, managed funds (including this Fund) have certain advantages. They can:

- > allow access to investment opportunities, markets and investment expertise that may usually not be accessible to all investors;
- > usually invest for less cost;
- > have access to investment techniques that may not be available to all investors;
- > potentially reduce investment risk through diversification of investments.

Prospective investors should give careful consideration to the factors set out below in evaluating the merits and suitability of an investment in the Fund. The following does not purport to be a comprehensive summary of all of the risks associated with an investment in the Fund.

There are risks associated with any investment.

Generally, the higher the expected return of an investment, the higher the risk and the greater the variability of returns and the risk of loss of capital. Macquarie's risk management objective is to deliver risk/return outcomes in line with our clients' expectations. However, we cannot provide assurances or guarantees on future profitability and Fund returns, distributions and return of capital.

The most common risks are described below, but there could be other risks that affect the performance of the Fund. You should seek your own professional advice on the appropriateness of this investment to your circumstances. A financial adviser can explain these risks and provide advice based on your financial objectives, time frame for investing and attitude to risk.

Volatility risk. The price of the Fund's investments or the unit price of the Fund itself may go up and down by a material amount, even over a short period of time. Over the past few years, markets have become more volatile; indeed volatility in some markets is at very high levels. Investing in periods of high volatility implies a greater level of risk for investors than an investment in a more stable market. You should carefully consider this additional volatility risk before making any investment in the Fund.

Income securities risk refers to changes that may affect the fixed income and debt markets. A change in factors such as perceptions of the credit risk premium associated with certain securities, supply and demand pressures, and global views on the value within a sector may influence the value of such securities and hence your investment in the Fund.

The Fund may be exposed to a wide range of securities including Government debt, investment grade debt, Australian hybrids, high yield bonds, emerging market debt, residential mortgage backed securities, commercial mortgage backed securities, credit default swaps and structured debt securities. Some of these securities will not have independent credit ratings or will have non-investment grade credit ratings. Further, the risk of default by the issuers of the securities will vary markedly. Therefore an investment in the Fund should not necessarily be seen as a low risk investment.

Underlying manager risk is present within the Fund as external managers may be engaged to provide exposure to targeted asset classes or investment strategies. Underlying managers will be subject to general market conditions as a result of their direct investment in to securities markets. The Fund will be exposed to fluctuations in the value of the underlying investments selected by the underlying manager. Macquarie may not have input in to the investment decisions of the underlying manager. There is no guarantee that the returns of the underlying manager will be positive.

Currency risk is the risk that fluctuations in exchange rates between the domestic and foreign currencies may impact the value of a Fund's investments. The Fund may invest in securities which return distributions and/or capital in currencies other than Australian Dollars. Such distributions and/or capital returns may be significantly affected due to movements in the exchange rate between the local currency and the Australian Dollar.

High yield debt risk is present within this Fund as it has the ability to gain exposure to securities which are considered below investment grade. Such securities typically pay a higher yield or return to compensate for the greater risk which an investor assumes as a result of investment. This also means that the issuer of the security has a higher likelihood of default than a more highly rated issuer. Such a default may impact the value of the securities within this Fund and hence your investment.

Emerging market risk. The Fund may invest in securities that provide exposure to emerging markets. Emerging markets are typically more volatile than developed markets. Such investments may expose the Fund to issues such as heightened political unrest, sovereign intervention, securities whose valuations fluctuate widely and the potential for domestic economic management to impact on the viability of operations within that market. There is also the risk that economic growth in emerging markets will decline or cease, adversely affecting the performance of this Fund.

Sovereign risk is the risk of a State invoking policy or regulation that changes the established rights of private sector companies. There is a further risk that the State may prevent or limit the repatriation of foreign capital or the availability of legal redress through the courts. There is also the risk of government intervention in the operation of financial markets, for instance a forced closure of markets. Such intervention may severely impact the value of any investments the Fund holds that have an exposure to or operations within the affected country.

Issuer default risk is the potential for the default of an entity to which the Fund has an exposure to adversely impact the value of your investment. Where the Fund purchases securities issued by any entity, the Fund is exposed to the creditworthiness of that entity. If an issuer were to experience some form of financial difficulty, it may fail to meet a periodic payment on its securities or potentially fail to return the principal amount invested in those securities. Factors that may prompt such difficulty could include changes in domestic interest rates, fluctuating credit spreads for the individual entity or the market as a whole, declining profitability, or a general reduction in entity's cash flow reducing its ability to fund payments.

Counterparty default risk is the risk of loss due to a counterparty not honouring a financial commitment. Counterparties to this Fund may include the Custodian, option writers, brokers and clearing brokers of exchange traded futures and options, repurchase counterparts, foreign exchange counterparties and swap and structured deal counterparties.

Residential Mortgage Backed Securities (RMBS) risk. This Fund may invest in or gain exposure to RMBS. The value of these investments may be affected by factors including, but not limited to, property values (both actual and expected), levels of default in residential mortgages, borrowing rates, refinancing and prepayment rates and the availability of mortgage lending.

The value of RMBS may be further affected by factors such as the quality of mortgages within the security, the level of subordination in the security (both initially and over the life of the security), and general market performance and sentiment. The Fund is also subject to the performance of the RMBS sector generally. There is no guarantee that this sector will provide positive returns in the future. Observed trades in the market, whether connected with the Fund's trading or otherwise, may also impact on the market price of the Fund's investment in these securities.

Bank loan risk refers to the Fund's ability to invest in or gain exposure to bank loans. Bank loans are typically formed by a group of banks who collectively lend funds to a borrower. Each individual bank is then able to sell portions of their commitment to investors at which point this Fund may decide to obtain some level of exposure to the loan. The value of these investments may be affected by factors including, but not limited to, the performance of the bank loan sector, credit premiums generally as well as that of the borrower, and the liquidity of the secondary market in bank loans.

Structured debt security risk refers to the Fund's ability to invest in or gain exposure to structured debt securities such as asset backed securities. These securities package together a range of debts owed by various entities with the aim of providing an income stream to the security holder. The indebted entities may display varying levels of creditworthiness, with lower rated entities typically expected to pay a higher premium and hence a higher return to security holders for funding. The value of these investments may be affected by factors including, but not limited to, the performance of the structured debt sector generally, prevailing financing rates, credit premiums, as well as general market conditions and sentiment.

Credit default swap risk is the potential for the Fund to be adversely affected as a result of trading a Credit Default Swap (CDS). The Fund may trade a CDS in order to increase or decrease exposure to an individual entity or group of entities, typically referred to as the 'reference entity'. The value of a CDS generally moves in relation to the creditworthiness (whether perceived or otherwise) of the reference entity/entities. If there is a significant change in the creditworthiness of the reference entity/entities, the value of the CDS may also change significantly. This may result in losses to the Fund and affect the value of your investment.

Valuation and liquidity risk is the risk that due to liquidity issues and market conditions the carrying value of Fund investments (being the underlying value used to generate the Fund's unit price, as obtained from an independent valuation source) may not accurately reflect the liquidation value of such investments. There may often be a limited secondary market within which these securities may be traded. The carrying price at which securities are valued may therefore be different to the actual price achieved upon physically trading such securities. Such costs shall be incorporated into the buy/sell spread.

The securities into which the Fund invests are traded in minimum sized market parcels. They are also subject to supply and demand constraints. This means that the processing of applications and redemptions into or out of the Fund will by necessity change the composition of the Fund's holdings – both absolutely and relative to one another. Should the Manager be required to process a large redemption, the composition of the Fund may be altered significantly due to the security sales required. The selection of securities used in processing redemptions will be at the sole discretion of the Manager.

Manager risk refers to the risk that this Fund will not achieve its performance objectives or not produce returns that are positive, or compare favourably against its peers on a relative basis.

Interest rate risk arises with changes in market yields that change the value of fixed income investments. The Fund will generally hedge its exposure to changes in market yields in order to obtain an interest rate risk profile which is similar to its benchmark.

Liquidity risk exists when particular investments are difficult to purchase or sell, preventing a fund from closing out its position or rebalancing within a timely period and at a fair price. While every effort is made for the Fund to be able to satisfy redemption requests, prevailing market conditions may result in the Fund not being able to satisfy redemption requests when they are received.

Derivative / leverage risk. Derivatives are leveraged instruments that are used to obtain or reduce market exposures. As the market value of derivatives is variable, gains or losses can be incurred and can be greater than unleveraged positions. The Fund may utilise derivatives in order to achieve its investment objectives. To reduce the risks of leverage, we ensure that short derivatives positions are backed by a matched amount of similar physical assets and long derivatives positions are backed by a matched amount of liquid assets such as cash equivalents.

Investment objective risk is the risk that an investor's objectives will not be met by their choice of investments. One measure of risk in an investment is the volatility of returns; the greater the volatility, the more likely that returns will differ from those expected over a given time period. Although investments in fixed income securities have historically been viewed as towards the lower end of the risk-return spectrum, the unit price of this Fund may fluctuate as may amounts distributed to unit holders, including fluctuation over the period between a redemption request being made and the time of redemption.

Fees and other costs

The information in the tables below is required by law and is designed to help you better understand the fees and costs associated with the Fund.

Did you know?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns.

For example, total annual fees and costs of 2% of your fund balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower contribution fees and management costs where applicable.

Ask Macquarie or your financial adviser.

To find out more

If you would like to find out more, or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** website (www.fido.asic.gov.au) has a managed investment fee calculator to help you check out different fee options.

This table shows fees and other costs that you may be charged. These fees and costs may be deducted from the returns on your investment or from the Fund's assets as a whole. Taxes are set out in the Tax section of this PDS. You should read all of the information about fees and other costs, as it is important to understand their impact on your investment.

Type of fee or cost	Amount	How and when paid
Fees when your money moves in or out of the Fund		
You may also incur a buy/sell spread ¹ when your money moves in or out of the Fund.		
Establishment fee The fee to open your investment.	Nil	Not applicable
Contribution fee The fee on each amount contributed to your investment.	Nil	Not applicable
Withdrawal fee The fee on each amount you take out of your investment.	Nil	Not applicable
Termination fee The fee to close your investment.	Nil	Not applicable
Management costs		
The fees and costs for managing your investment²	The management costs consist of: Management Fee 0.492% pa ³ of net asset value (inclusive of the net impact of GST). ⁴ Plus Performance fee The Fund may invest in underlying funds (including other Macquarie funds) that charge a performance fee. It is not possible to estimate what the performance fee of an underlying fund will be for reasons discussed on page 10.	The management fee accrues daily and is payable quarterly in arrears. It is deducted from the Fund's assets and is reflected in the Fund's unit price. See page 10 for further information.
Service fees⁵		
Switching fee This is the fee for when you switch between investment options. You may also incur a buy/sell spread when switching between investment options.	Nil	Not applicable

¹ See 'Buy/sell spread' under section Additional explanation of fees and costs.

² Additional fees may apply, as well as the abnormal expense recovery – see section Additional explanation of fees and costs.

³ This figure has been quoted to three decimal places.

⁴ For sophisticated and professional investors these fees may be negotiated. See 'Differential fees' under section Additional explanation of fees and costs.

⁵ See 'Adviser service fee' under section Additional explanation of fees and costs.

All fees in the table above are shown inclusive of GST, net of Reduced Input Tax Credits (RITCs).

Example of annual fees and costs of the Fund

This table provides an example of how the fees and costs in the Fund can affect your investment over a one year period. You should use this table to compare the Fund with other managed investment products. The example assumes an account balance of \$50,000 invested in the Fund, assuming no variation in the value of your investment over this period. In practice:

- > the actual fee we charge is based on the value of your investment;
- > your investment balance and the value of the Fund will vary daily;
- > the management fee is included in the Fund's return and is not an additional charge to you.

Example	Balance of \$50,000 with total contributions of \$5,000 ¹ during year	
Contribution fees ²	Nil	For every additional \$5,000 you put in, you will not be charged a contribution fee.
PLUS management costs (management fee not including the performance fee) ³	0.492% pa	And , for every \$50,000 you have in the Fund, you will be charged \$246 each year.
EQUALS cost of Fund	If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, you will be charged fees of \$246. ³	
What it costs you will depend on the fees you may be able to negotiate with us.		

- 1 We are required to use examples based on an additional contribution of \$5,000. However, please note that the minimal additional investment amount for the Fund is \$10,000.
- 2 You may also incur a buy/sell spread when your money moves in or out of the Fund. See 'Buy/sell' spread' under section Additional explanation of fees and costs.
- 3 Additional fees may apply, as well as the abnormal expense recovery.

Additional explanation of fees and costs

Performance fees

The Fund may invest in underlying funds (including other Macquarie funds) that charge a performance fee. Such performance fees may be borne by the Fund. It is not possible to estimate what the performance fee of an underlying fund will be for the following reasons:

- > the underlying funds and the amount invested in those underlying funds vary;
- > the methodology employed by each underlying fund or manager in calculating the performance fee may differ; and
- > Macquarie can not accurately forecast what the performance of the underlying funds will be in any given period and hence forecast what the performance fee will be.

Buy/sell spread estimate

There is a difference between the application and redemption price quoted on any business day, referred to as the 'buy/sell spread'. To ensure that existing investors do not continually bear the transaction costs resulting from the applications or redemptions made by other investors, we charge investors the buy/sell spread when they transact, except in certain circumstances (see below). The buy spread is added to the Net Asset Value per unit when units are applied for to reflect the estimated transaction costs of acquiring the underlying investments.

The sell spread is subtracted from the Net Asset Value per unit when units are redeemed to reflect the estimated transaction costs of disposing of the underlying investments.

It is important to note that the spreads are a transaction cost payable by you and retained by the Fund. The spreads are not a payment to Macquarie as manager. Further, the buy spread will not necessarily be the same as the sell spread.

In calculating this spread, we take into account the estimated transaction costs which, in our view, are applicable from time to time. These transaction costs may comprise brokerage, stamp duty, foreign exchange hedging and the buy/sell spreads (being the difference between the bid and offer prices) on exchange traded and non-exchange traded transactions.

The example below is based on an application or redemption of \$50,000 and an estimated buy/sell spread of 0.15%, which is indicative of an estimated spread in normal trading conditions. This may not be the applicable spread at the time of your application or redemption of units:

	Buy/sell spread estimate	Cost
Application	+ 0.15%	\$75
Redemption	- 0.15%	\$75

The size of the buy/sell spread may be varied from time to time without notice, to ensure that non-transacting investors are not adversely impacted by the application or redemption by other investors. For example, a different amount or estimate may apply when brokerage costs or the difference between the bid and offer prices for assets change.

In stressed and dislocated market conditions, the buy/sell spread may increase significantly. Any revised spread will be applied uniformly to transacting investors while that spread applies.

To obtain an indication of the current the buy/sell spreads that may be applicable to an application or redemption from the Fund, please visit: www.macquarie.com.au/daily_spreads.

In addition we may at our discretion reduce the buy/sell spread where:

- > there is a simultaneous purchase and redemption of units of equivalent value by different investors; or
- > an investor subscribes assets (rather than cash) on an application or receives assets (rather than cash) on a redemption.

Reinvested distributions do not incur the buy/sell spread.

Maximum fees we are allowed to charge

The constitution of the Fund provides for the following maximum fees (exclusive of the net effect of GST):

- > a maximum entry fee (referred to in this PDS as a 'contribution fee') of 5.0% of the application amount;
- > a maximum exit fee (referred to in this PDS as a 'redemption fee') of 5.0% of the amount withdrawn;
- > a maximum management fee of 5.0% of the amount invested;
- > a maximum switching fee of 5.0% of the value of the investment switched.

Expense recoveries

The constitution of the Fund allows all properly incurred expenses to be recovered directly from the Fund and does not place any limit on the amount of such expenses that we can recover from the Fund. However, we currently choose to pay normal expenses out of the management fee and do not seek a reimbursement from the Fund.

Normal expenses include custody fees, registry costs, compliance committee costs, audit, accounting fees, tax consulting fees, postage and printing costs.

We are also entitled to be reimbursed from the Fund for abnormal expenses, such as the cost of unitholder meetings, defending legal proceedings, special valuation of assets and the costs of terminating the Fund. These abnormal expenses are not generally incurred during the day-to-day operation of the Fund and are not necessarily incurred in any year. However, we do not pay these abnormal expenses out of the management fee, if they arise, we reserve our right to deduct these expenses from the Fund.

Additional services and charges

Adviser service fee

You may agree to pay your adviser a fee for any financial advice that they provide to you. However, these are separate to any fees we charge in respect of your investment in the Fund, as set out in the table on page 8.

Commissions and soft dollar payments

We do not pay any commissions to your financial adviser. However, the dealer group to which your adviser belongs and your IDPS operator may receive certain payments or other non-monetary benefits from us, such as business and technical support, professional development and entertainment. The provision of such benefits is governed by our Soft Dollar Policy.

These payments and benefits are not an additional cost to you.

We also maintain a register in compliance with the Industry Code of Practice on Alternative Forms of Remuneration summarising alternative forms of remuneration that are paid or provided to advisers. If you would like to review this register, please contact Client Service on 1800 814 523 or +61 2 8245 4900, 8.30am to 6.00pm Sydney time, Monday to Friday.

Differential fees

We may negotiate reduced management fees and performance fees as permitted by the Corporations Act and ASIC relief, for example, we negotiate reduced fees with sophisticated and professional investors, as defined in the Corporations Act, including IDPS operators. There is no set manner or method of negotiating fees. For further information please contact Client Service.

Related party transactions

In the execution of transactions, we deal with professional organisations that may include Macquarie Group Limited or its associated companies (Macquarie Group). All transactions are conducted on arm's length terms. We can also trade the Fund's investments with Macquarie Group where we believe the investments are in the best interest of investors. These organisations may receive commissions at prevailing market rates for the execution of transactions. Any conflict of interest or potential conflict of interest is managed in accordance with our Conflict of Interest Policy.

The Fund may invest in a number of other funds of which we act as responsible entity. In these circumstances you will only be charged management fees and performance fees (if any) once. Where another Macquarie Group company manages the underlying fund(s) you may be charged their management fees and performance fees which will be reflected in the Fund's return.

Other related party issues

Macquarie Group is a global provider of banking, financial, advisory, investment and funds management services. Macquarie's main business focus is generating returns by providing a diversified range of services to clients. Macquarie acts on behalf of institutional, corporate and retail clients and counterparties around the world. Macquarie Investment Management Limited, as responsible entity and manager of the Fund, generally has no control over these activities. As a result, from time to time the Fund's activities may be restricted, for example due to regulatory constraints applicable to the Macquarie Group, and/or its internal policies designed to comply with such constraints. In addition, where, due to such constraints there is limited capacity to acquire particular securities, the Fund will not have priority over any member of, or any Fund associated with, the Macquarie Group to acquire those securities.

Change to fees and expenses

We may increase the fees and expenses referred to above or introduce new fees, for example, if economic conditions or the law changes.

We will provide at least 30 days' notice to you of any proposed increase in fees or expenses or introduction of new fees. This notice period should give you sufficient time to withdraw from the Fund if so desired. We cannot charge more than the constitution allows, unless we obtain investors' approval to do so.

Tax

The information contained in the following summary is intended to be of a general nature only. It does not constitute tax advice and should not be relied on as such. All unit holders should seek independent professional advice on the tax consequences of their subscription for units, based on their particular circumstances.

Tax position of the Fund

Income tax

As investors in the Fund will be presently entitled to the entire amount of the income of the Fund for each relevant financial year, the Fund should not be liable to Australian income tax, under present income tax legislation provided that there is at least \$1 of distributable income for the relevant financial year. If the Fund incurs a loss in a financial year there will be no distributable income for that year and the loss may be carried forward to be utilised in subsequent financial years (subject to the loss carry forward rules).

Tax position of resident investors

On 7 May 2010 the Federal Government announced that a new tax system for Managed Investment Trusts will commence on or after 1 July 2011. The Fund will monitor the progress of this announcement and subsequent law to determine what, if any, impact this announcement will have on the Fund.

The following comments only deal with Australian residents who are individuals, complying superannuation entities and companies that will hold their units on capital account.

Capital Gains Tax (CGT)

An Australian resident investor's assessable income for each year includes any net capital gains (ie, after offsetting capital losses).

There are two potential sources of capital gains tax to investors in relation to investing in the Fund:

1. Capital gains tax may be payable on part of the distribution made in respect of units from the Fund on the basis that the assets in the Fund are held on capital account. The Fund does not make allowance in the unit price for any tax on unrealised net gains accruing when investments are re-valued. As a result, investors should be aware that they may be liable for capital gains tax arising from the sale of assets where unrealised gains arose before they bought their units.

The distribution by the Fund of non taxable amounts (if any) may give rise to cost base adjustments to an investor's units for CGT purposes. Such cost base adjustments may result in either increased capital gain or reduced capital loss on the subsequent disposal of units in the Fund.

2. Capital gains tax may be payable when units are redeemed from the Fund (assuming the investor holds the units on capital account). Concessions may be available depending on how long the units have been held. Where the units have been held continuously for more than 12 months, individuals and trusts may be entitled to a CGT discount of 50% and superannuation entities may be entitled to a discount of 33 1/3% in relation to the disposal of units. Companies are not entitled to this discount.

Capital gains arising from securities sold to meet a substantial investor's redemption can be distributed to the redeeming investor. A substantial redemption is one that is 5% or more of the Fund's net asset value. In these circumstances the objective would be for remaining investors not to be affected by the capital gains resulting from a disposal of the assets where both the Fund and the redeeming investors make a capital gain in the relevant financial year. The 5% threshold may be varied by Macquarie with advance notice to investors.

Foreign income tax offsets

Australian residents are required to include in their assessable income their share of certain foreign taxes paid in respect of income derived by the Fund. Investors will normally be able to benefit from a tax credit in respect of foreign taxes paid by the Fund.

Foreign source income

At the time of writing this PDS, a number of amendments are proposed to the taxation of foreign source income earned by Australian taxpayers. As not all of these proposed amendments have been released we are not able to determine their effect on the Fund and its investors. Once the amendments have been finalised we will review their effect on the Fund and investors and will advise of any material impacts on the Fund and its investors.

Tax file number (TFN) and Australian business number (ABN)

It is not compulsory for investors to provide their TFN or ABN, and it is not an offence if they decline to provide them. However, unless exempted, if the TFN or ABN is not provided, tax will be deducted from income at the highest marginal rate plus the Medicare levy. These numbers can be provided on the application form when making an initial investment.

Goods and Services Tax (GST)

The Fund has registered for GST. The issue and redemption of units in the Fund and receipt of distributions will not be subject to GST. However, GST is payable on our fees and reimbursement of expenses. The Fund will generally be able to claim input tax credits and/or reduced input tax credits of at least 75% of GST incurred on most of its expenses.

Tax position of non-resident investors

Non-resident withholding tax

Appropriate deductions of Australian tax will be made from distributions of Australian sourced income to non-resident investors. The amounts will be withheld at the rates of tax applicable to non-resident investors and will depend on the type of income. Distributions to non-resident investors from sources wholly outside of Australia and of most capital gains from any source will generally be exempt from Australian income tax and withholding tax. Non-resident investors may also be subject to tax laws in the country in which they reside, but may be entitled to a credit for some or all of the tax deducted in Australia.

Capital Gains Tax

On the basis that the assets of the Fund will not predominantly be direct or indirect interests in Australian real property, no capital gains tax consequences will arise for non-resident investors (assuming that their units are held on capital account) as a result of investing in the Fund.

General Information

Transaction taxes

Normal transaction taxes and stamp duties (if any) also apply.

Tax statement

An annual tax statement will be sent to each Australian resident investor to assist in completing tax returns.

Tax advice

If you have any questions regarding the application of income tax or capital gains tax to an investment in the Fund, you should consult your tax advisor. Investors should seek their own professional advice, including as to taxation, before investing. Please note that any discussion of tax in this PDS refers to Australian tax law as at the date of this PDS, and that these laws may change at any time.

How to invest

Investing in this Fund can be done in one of two ways, depending on whether you are an indirect or direct investor. We reserve the right to establish higher minimum investment amounts or to refuse any applications without reason. You should retain a copy of this PDS and any supplementary documents for future reference and if you wish to make additional investments in the Fund. PDSs are available free of charge.

Macquarie is required under the Anti-Money Laundering and Counter-Terrorism Financing Act 2006 (AML/CTF) to establish a program to identify, manage and mitigate money laundering and terrorism financing risks faced by our organisation. As part of those obligations, we cannot accept an application to invest until we are satisfied that the identity of the investor has been verified in accordance with the requirements of the AML/CTF. The processing of applications may not proceed until the requested information is received in a satisfactory form and the identity of the investor is verified.

Direct investors

To invest directly, please complete the application form that accompanies this PDS. Please ensure that you provide all the required verification material, as described in the application form. Initial investments made directly must be for a minimum of \$20,000.

Once your application form has been received, Client Service will contact you to confirm the bank account where your investment funds should be credited. This bank account will be unique to your investment in this Fund and should not be used for any other investment with Macquarie. Macquarie will not be responsible for any losses incurred as a result of an investor placing investment funds in the incorrect bank account. Payments can be made by real time gross settlement (RTGS), Exigo or bank transfer. Additional investments of at least \$10,000 can be made at any time by RTGS, Exigo; or bank transfer.

Please contact Client Service if you intend to make payment by RTGS or Exigo. Please note that a payment made by RTGS, Exigo or bank transfer will not necessarily be received by Macquarie prior to the Fund cut-off time. In this case, provided that your application is completed to our satisfaction, units will be issued at the application price as at the following business day, provided all other information required has been received.

Returning the completed application form

The completed application form can be returned by:

1. Mail

Macquarie Funds Group - Client Service
PO Box R1723
Royal Exchange
NSW Australia 1225

2. Facsimile

Fax this application form to +61 2 8232 4730. The original must follow in the mail.

Important note

Redemption requests can not be processed until the original application form has been received in our Sydney office.

Please ensure that applications are sent to the address or fax number referred to in this document. Alternatively, if we have notified you of any change in our details, please ensure that you send your application to the updated address or fax number.

Macquarie accepts no responsibility for applications that have been sent to an incorrect address or fax number, including addresses and fax numbers of other parts of the Macquarie Group that are not referred to in this document. You are responsible for ensuring that you use the correct contact details and accept that if incorrect contact details are used, your application may be delayed or not processed. Please call Client Services on 1800 814 523 or +61 2 8245 4900 if you would like to confirm our address or fax number.

Delays when an application form is incomplete

Where an application is not finalised for AML/CTF purposes or is otherwise incomplete, we will seek to contact you to obtain the missing or additional information. Your application will not be accepted by us, nor units issued to you, unless our AML/CTF verification can be completed or other issues addressed.

If you have paid your application money, the money will be held in a non-interest bearing trust account whilst we complete the AML/CTF verification or address the outstanding issues.

On the day that your application is completed to our satisfaction, it will be accepted by us and units issued to you. If the AML/CTF verification or other issues are not finalised to our satisfaction within 30 days of the original application date, your application (and application money you have already paid) will be returned to you.

We will not be liable for any losses, including for market movements, that may be incurred by a prospective investor if an application is delayed or rejected due to our AML/CTF obligations or other delays caused by the application being incomplete.

Indirect investors

You may invest indirectly in the Fund as an 'indirect investor' through an IDPS by directing the IDPS operator to acquire units in the Fund on your behalf.

An indirect investor does not become a unitholder in the Fund. Accordingly, an indirect investor does not acquire the rights of a unitholder of the Fund or acquire any direct interest in the Fund. The IDPS operator acquires these rights and can exercise, or decline to exercise, them on your behalf according to the arrangements governing the IDPS.

If you invest in the Fund through an IDPS, you should ignore information in this PDS that is relevant only to direct investors. This includes information relating to:

- > minimum initial investment and additional investment;
- > applications and application forms;
- > redemptions and switches; and
- > transferring units.

Fees and expenses applicable to the IDPS (and set out in the IDPS offer document or client agreement) are payable in addition to the fees and expenses stated in this PDS.

Cut-off times for applications

Investments made via Exigo and RTGS

Where Macquarie receives investments via these methods, and we receive the application form and investment funds before 2.00pm Sydney time on a business day in Macquarie's Sydney office, Macquarie will consider your application for acceptance. On the day the application is accepted, units are issued and investors normally receive the application price based on the valuation of assets at the close of business on that day.

Investment amounts and application forms received after 2.00pm Sydney time will be considered for acceptance on the following business day. On the day the application is accepted, units are issued and investors normally receive the application price based on the valuation of assets at the close of business on that day.

Investments made via bank transfer

Where Macquarie receives investments via this method on any business day, the application will be considered for acceptance on the following business day, and only after receipt of your investment funds. On the day the application is accepted, units are issued and investors normally receive the application price based on the valuation of assets at the close of business on that day.

Investors are not required to provide notification of additional investments less than \$500,000 that are paid by RTGS or bank transfer. For amounts greater than \$500,000 notification should be sent by facsimile prior to the Fund's cut-off time of 2.00pm.

Cooling off period

Direct investors

If you qualify as a Retail Client under the Corporations Act, the 14 day cooling off period applies to your investment in the Fund. If, during the cooling-off period, you decide that the investment does not meet your needs, then simply advise us in writing to the address shown at the back of this document.

The 14 day period starts when you receive your transaction confirmation or five business days after units are issued to you, whichever is earlier.

Your refund will be processed as a redemption and the redemption value will be reduced or increased for market movements. We will also deduct any tax or duty incurred as well as the sell spread. As a result, the amount returned to you may be less than your original investment.

Indirect investors

You should consult your IDPS operator about any cooling off rights you may have.

Accessing your money

We generally process and pay redemptions within five business days where the request is received and accepted for that day before 12.00pm Sydney time on any business day in Sydney. If we receive a redemption request after this, or on a non-business day for us, we treat it as having been received and will consider if for acceptance before 12.00pm Sydney time on the next business day in Sydney. Units will be redeemed at the redemption unit price next calculated after we accept the redemption request, which is normally based on the valuation of assets at the close of business on the day the request is accepted. The Fund's constitution allows us 30 days following receipt of the redemption request to pay redemption proceeds, but this period may be extended if we have postponed the calculation of the redemption price due to circumstances outside our control (see "Delay of redemptions" below).

Direct investors

We are allowed to deduct from the redemption amount any monies due to us from you and any applicable amount of tax.

Direct investors can make a redemption request by:

- > sending a facsimile to +61 2 8232 4730; or
- > writing to the address shown at the back of this document.

Please ensure that redemptions are sent to the address and fax number referred to in this document.

Alternatively, if we have notified you of any change in our details, please ensure that you send your redemption to the updated address or fax number.

Macquarie accepts no responsibility for redemptions that have been sent to an incorrect address or fax number, including addresses and fax numbers of other parts of the Macquarie Group that are not referred to in this document. You are responsible for ensuring you use the correct contact details and accept that if incorrect contact details are used, your redemption may be delayed or not processed. Please call Client

Services on 1800 814 523 or +61 2 8245 4900 if you would like to confirm our address or fax number.

Confirmation of instructions

We have a procedure to confirm the following instructions with you:

- > a redemption greater than or equal to \$1,000,000;
- > a redemption to an account which is not the pre-nominated bank account, even if it has the same account name as the redeeming account;
- > change of bank account details;
- > change of distribution method from reinvestment to direct credit to a new bank account;
- > change of authorised signatory / signatories;
- > change of postal address.

Macquarie Funds Group Client Service staff will call an authorised signatory on the contact phone number provided on the application form. The purpose of the call is to confirm that the instruction that has been received by Macquarie is valid. The aim is to protect Macquarie's clients from unauthorised transactions and unauthorised changes to their account details. Please note that if Macquarie is unable to contact an authorised signatory, they may postpone the processing of the instruction until they have been able to make contact. Your instruction will not be treated as having been received until Macquarie is able to contact the authorised signatory and confirm the instruction, unless Macquarie otherwise determines.

Appointing an agent

You can appoint an agent to transact on your behalf using Macquarie's 'Appointment of Agent form'. By completing the form you and your agent will indemnify Macquarie against any liability Macquarie incurs in respect of that appointment. The form can be accessed via:

- > www.macquarie.com.au/forms;
- > emailing: mfg.clientservice@macquarie.com
- > calling: Macquarie Funds Group Client Service on 1800 814 523 or +61 2 8245 4900.

Indirect investors

You can only withdraw through your IDPS operator in accordance with their terms and conditions.

Delay of redemptions

Macquarie can also delay the satisfaction of a redemption request in the following circumstances:

- > if Macquarie has taken all reasonable steps to realise sufficient assets to satisfy a redemption request and is unable to do so due to one or more circumstances outside of its control, such as restricted or suspended trading in the market for an asset, in which case it can postpone satisfaction of the redemption request for a further 30 business days from the date of calculation of the last redemption price; and
- > Macquarie can delay the calculation of the redemption price and the payment of redemption proceeds for the Fund if the Fund is no longer 'liquid', as defined in the Corporations Act. At its discretion, Macquarie can then make money available only on a periodic basis and allocate it pro rata amongst those investors wishing to withdraw. If this occurs, in determining the unit price, Macquarie will use the asset values determined at the time the relevant withdrawal offer closes.

Macquarie is also not obliged to satisfy a redemption request if, during the 30 days up to and including the date of receipt of a redemption request, it has received redemption requests in respect of more than 10% of the units in the Fund. If this occurs, Macquarie may satisfy the redemption request in part but, if it does so, it must redeem the same proportion of units for all other redemption requests outstanding at that time.

Distributions

Income distributions and reinvestment

From the underlying investments, the Fund is expected to receive or generate distributions consisting of dividends, interest, gains or losses from futures trading, gains or losses from sales of fixed interest and discount securities, franking credits and realised capital gains. Income is generally paid monthly. Net capital gains will be distributed at least once a year.

You may elect to have your distributions paid directly into a nominated Australian bank account or have them reinvested in the Fund by completing the relevant section of the application form.

If you do not nominate how you wish to receive your income distributions, your distributions will be automatically reinvested as additional units in the Fund. Such units will be issued at the net asset value at the close of business at the end of the distribution period to which the entitlement relates. However we may, at any time, notify unitholders that subsequent distributions will be paid in cash and not be reinvested and subsequently withdraw any such notification.

Unit prices fall at the end of the distribution period to reflect the distributions. If you invest towards the end of a distribution period, you may find that you receive some of your capital as income. However, if your application price is calculated as at the last business day of the period, your application price will not include an income component for that period. Similarly, if you withdraw your investment towards the end of the distribution period, you will receive your share of any accrued income as capital. However, if your redemption price is calculated as at the last business day of the period, your redemption price will not include an income component for that period but you will also receive the income as part of your distribution.

Unit pricing

We normally calculate application prices and redemption prices daily. The unit price is equal to the value of the Fund's assets, less liabilities, divided by the number of units on issue. Application and redemption unit prices take into account transaction costs (the buy/sell spread) as applicable. Assets are normally valued at their most recent market value, using independent pricing sources where available for the particular asset type. Any units held in unlisted funds are valued at their most recent unit prices as supplied by the fund operator. Overseas assets are valued as at the close of business in each of the relevant overseas markets. We may use model values or fair values if market quotations are not available or are deemed unreliable.

The valuation methods and policies applied by Macquarie, to value the Fund's assets and liabilities, are consistent with applicable industry standards and result in unit price calculations that are independently verifiable. Under the constitution for the Fund, Macquarie has certain discretions in determining application and redemption prices. We have documented their policy regarding the exercise of these discretions. A copy of the policy, together with the related documents, is available free of charge from Client Service.

As discussed above, unit prices fall at the end of each distribution period because the allocation of the distributions reduces the Fund's assets. On any day, the application price is different from the redemption price of units as a result of the buy/sell spread.

Direct investors

You can contact Client Service directly. The unit prices are also published on our website at: www.macquarie.com.au/unit_prices

Indirect investors

Your IDPS operator can provide you with the unit prices for your investment.

Timing changes

You will be notified if we change the frequency of distributions or valuing the Fund, or the frequency or timing of unit pricing.

Transferring units

You may transfer units in the Fund to another person by providing us with a signed and completed standard transfer form and a completed application form from the current PDS for the Fund at that time. We reserve the right to decline transfer requests at our discretion.

A transfer of units involves a disposal of units, which may have tax implications. Stamp duty may also be payable on the transfer unless an exemption applies. You should obtain tax and stamp duty advice before requesting a transfer.

Keeping in touch with you

Direct investors

We provide access to:

- > confirmation of your transactions;
- > transaction statements at least annually;
- > quarterly reports on the performance of the Fund, an economic and market overview, and Fund highlights;
- > a tax report for Australian resident investors to help with your tax return at financial year-end;
- > access to the annual financial statements of the Fund by end of September each year.

Indirect investors

Your IDPS operator can provide you with reports on the progress of the Fund.

MFG Online – Macquarie Managed Investments

Investors are able to access some account information online by visiting Macquarie's website - www.macquarie.com.au/mfg. Investors will need an access code and this can be requested on the application form.

Updated information

The information in this PDS may be subject to change from time to time. Where information is not materially adverse we may update this information by publishing changes on our website at:

www.macquarie.com.au/updatedinformation

A paper copy of this PDS (and any supplementary documents or updated information) can also be obtained free of charge on request by calling Client Service 1800 814 523 or +61 2 8245 4900.

Continuous disclosure documents

The Fund may be subject to certain regular reporting and disclosure obligations. Copies of documents lodged with ASIC in relation to the Fund may be obtained from, or inspected at, an ASIC office. As an investor in the Fund, you have the right to obtain the following documents from us:

- > the annual financial report (including financial statements) most recently lodged with ASIC by us in respect of the Fund;
- > any half-year financial report (including financial statements) lodged with ASIC in respect of the Fund after the lodgement of the annual financial report and before the date of this PDS;
- > any continuous disclosure notices provided by us in respect of the Fund after the lodgment of the annual financial report and before the date of this PDS.

If requested, we will send you a printed or electronic copy of any of the above documents, free of charge, as soon as possible or within five days of receiving your request.

Our legal relationship with you

Macquarie as the responsible entity

As the responsible entity of the Fund, we are solely responsible for the management and administration of the Fund. We hold an Australian Financial Services Licence (AFSL), authorising us to act as the responsible entity of the Fund. Details of our AFSL can be found on ASIC's website at www.asic.gov.au.

Our powers and duties are set out in the constitution relating to the Fund, the Corporations Act and general trust law.

Corporations Act

Our duties under the Corporations Act include:

- > acting in the best interest of investors and, if there is a conflict between investors' interests and our own interests, giving priority to investors' interests;
- > ensuring that Fund property is clearly identified as Fund property, is valued at regular intervals and is held separately from our property and the property of any other fund;
- > reporting to ASIC any breach of the Corporations Act in relation to the Fund, which has had, or is likely to have, a materially adverse effect on the interests of investors.

We are liable for our agents engaged in connection with the Fund.

Constitution

The Fund is established by a constitution, as amended from time to time. The terms and conditions of the constitution are binding on each investor and persons claiming through them, as if the investor or person were a party to the constitution.

This PDS summarises some key features of the constitution, such as issue and redemption of units, calculation of unit prices and fees. However, the constitution covers a number of additional matters, including:

- > the nature of units (subject to any special terms of issue, identical rights attach to all units);
- > how and when redemptions are paid;
- > unitholder meetings (a resolution may bind you, regardless of how or whether you voted);
- > the circumstances in which we are and are not liable to you;
- > our indemnification out of assets of the Fund for all costs incurred by us in relation to the administration or management of the Fund (subject to the proper performance of our duties);
- > your rights to share any Fund income, and how we calculate it;
- > when we can retire as responsible entity of the Fund.

We can amend the constitution from time to time, subject to the provisions of the constitution and the Corporations Act, including if we reasonably consider that the amendments will not adversely affect investors' rights. Otherwise, we must obtain investors' approval at a meeting of unitholders.

The compliance plan

We have prepared and lodged a compliance plan for the Fund with ASIC. The compliance plan sets out the compliance procedures that we will follow to ensure that we are complying with the Corporations Act and the Fund constitution. Each year the compliance plan is independently audited, as required by the Corporations Act and the auditor's report is lodged with ASIC.

The compliance committee

As required, we have established a compliance committee with a majority of independent members. The compliance committee's functions include:

- > monitoring our compliance with the compliance plan and reporting its findings to us;
- > reporting breaches of the Corporations Act or the constitution to us;
- > assessing the adequacy of the compliance plan and recommending any changes.

Rights and liabilities of an investor

A unit confers a beneficial interest on an investor in the assets of the Fund but not an entitlement or interest in any particular part of the Fund or any asset.

The constitution also provides that the liability of unitholders is limited to their investment in the Fund. Therefore, a unitholder is not required to indemnify us or our creditors against our liabilities in respect of the Fund. However, no complete assurance can be given in this regard as the ultimate liability of unitholders has not been finally determined by the courts.

The custodian

We have appointed Bond Street Custodians Limited (BSCL) to hold the domestic and unlisted international assets of the Fund. BSCL is part of the Macquarie Group. However, the arrangements between us are on arm's length terms. We will monitor and review BSCL's procedures and systems to ensure that custodial functions are carried out efficiently and properly.

An international custodian may be used when the Fund holds certain international securities.

Proxy voting and corporate governance

The exercise of voting rights is an important aspect of the investment management process and our ability to influence corporate management and manage the performance of portfolios, where applicable. We will vote on all company resolutions where we have the authority to do so. We will report to members on the outcome of our Australian proxy voting record on an annual basis.

Enquiries and complaints

Direct investors

We have arrangements in place for handling enquiries or complaints. For enquiries, you may contact your financial adviser or the Macquarie Funds Group Client Service on 1800 814 523 or +61 2 8245 4900, 8.30am to 6.00pm Sydney time, Monday to Friday.

Complaints can be sent to:

The Complaints Officer
Macquarie Investment Management Limited
PO Box R1723
Royal Exchange NSW 1225 Australia

Our procedures ensure that we deal with complaints within 45 days of receipt.

If we are unable to resolve the complaint or you are dissatisfied with the outcome, then you have the right to refer the complaint to the Financial Ombudsman Service (FOS), of which we are a member (membership number 869). FOS is an external dispute resolution

body that has been approved by ASIC. FOS is an independent body that assists customers in the resolution of complaints relating to members of the financial services industry. The contact details are:

Financial Ombudsman Service
GPO Box 3
MELBOURNE Victoria 3001 Australia

Telephone: 1300 780 808
Fax: +61 3 9613 6399

Indirect investors

Please contact your IDPS operator.

We respect your personal details

Direct investors

We collect certain personal information from you, in order to administer your investment in the Fund. As required by law, we have adopted a Privacy Policy that governs the collection, storage, use and disclosure of personal information. A copy of our Privacy Policy is available from our website at www.macquarie.com.au/au/privacy_policy.htm.

By signing the application form, you agree to us collecting, storing, using and disclosing your personal information in accordance with our Privacy Policy. This includes using your personal information for:

- > providing or marketing products and services to you;
- > administration purposes, including monitoring, auditing and evaluating the products and services;
- > determining future product and business strategies and to develop services, including the modelling of data and data testing;
- > ensuring compliance with all applicable regulatory or legal requirements. This includes the requirements of ASIC, ATO, AUSTRAC and other regulatory bodies or relevant exchanges including the requirements of the superannuation law;
- > communicating with you in relation to your holding and all transactions relating to the holding;
- > providing products and services to you through other entities in the Macquarie Group, our agents, contractors or third parties whether or not located in Australia.

We aim to ensure that our record of your personal information is accurate, complete and up to date. If your personal information changes, please inform us as soon as possible. You may correct or update this information by notifying us in writing.

We will provide you with access to your personal information at no charge.

For more information

If you have any questions in regard to your privacy, please contact the Privacy Officer by:

- > phone on +61 2 8232 0337; or
- > email to privacy@macquarie.com.au

Access to your information

We may provide access to your information to:

- > our agents, contractors or third party service providers who provide services in connection with our product and services;
- > licensed financial advisers if their stamp appears on the application form, unless you instruct us not to do so.

If you do not provide the information we ask you to supply on the application form we may not be able to process or accept your application.

Note: By signing an Application Form to invest in the Fund, you consent to the use and disclosure of your personal information in the manner set out above.

Indirect investors

We do not collect or hold any personal information about you, in connection with your investment in the Fund. You should contact your adviser or IDPS operator for details on the collection, storage, use and disclosure of personal information.

About this PDS

The terms and features of the Fund were current at the date of this PDS. However, we reserve the right to change the terms and features of the Fund in accordance with the Fund's constitution and other relevant legislation.

You should keep a copy of the current PDS and any other supplementary material updating the PDS for future reference. You can obtain a copy of the current PDS, free of charge, by contacting Client Service on 1800 814 523 or +61 2 8245 4900, 8.30am to 6.00pm Sydney time, Monday to Friday.

Application Form

To accompany Product Disclosure Statement

Issuer: Macquarie Investment Management Limited
ABN 66 002 867 003 AFS licence number 237492

This application form is issued with the Product Disclosure Statement along with any associated Supplementary Product Disclosure Statements. Do not use this form unless it accompanies the relevant Product Disclosure Statement. If you received the Product Disclosure Statement and application form electronically and would like to receive a paper copy of these documents, Macquarie can send you a copy free of charge on request.

The Application Form

The application form is made up of the following sections:

Section A – Investment Application – All investors

This section is where you complete the details of your investment with Macquarie.

Section B – Investor Identification

(if you have a financial adviser, please refer to the notes below regarding Section C)

This section is where you provide details of the person(s), company, trust or other entity that is investing with Macquarie. It is also the section where you will need to confirm additional information so that Macquarie can verify the identity of the investor to fulfill our obligation to comply with the Anti-Money Laundering and Counter-Terrorism Financing Act 2006 and related rules.

The section has space for the following investor types to supply information:

- > Section B1 – Individual / Joint / Sole Trader
- > Section B2 – Company
- > Section B3 – Trust / Managed Investment Scheme
- > Section B4 – Association / Cooperative
- > Section B5 – Partnership
- > Section B6 – Government body

Section C – Adviser Declaration

If you have a financial adviser who is an authorised representative of an Australian Financial Service Licence holder, they may be able to make a declaration, via an FSC/FPA identification form, verifying the identity of the investor in this section. If this is the case, then you will not need to complete Section B.

Section D – Online Registration

You may request access to Macquarie's online account service using the form in this section.

Completing the investment application form – Section A

Opening an account

The Product Disclosure Statement relating to your application for investment must be received by you in Australia before you can invest. Offshore investors should contact Client Service on +61 2 8245 4900 before making an application.

Accounts can be opened by:

- > individuals over 18 years of age;
- > companies and incorporated bodies;
- > trustees of other entities;
- > associations / cooperatives;
- > partnerships;
- > government entities.

Returning the completed investment application form (and related identification forms)

The completed investment application form (and related identification forms) should be returned by mail to:

Macquarie Funds Group - Client Service
PO Box R1723
Royal Exchange
NSW 1225 Australia

Please ensure that applications are sent to the address and fax number referred to in this document. Alternatively, if we have notified you of any change in our details, please ensure that you send your application to the updated address or fax number.

Macquarie accepts no responsibility for applications that have been sent to an incorrect address or fax number, including addresses and fax numbers of other parts of the Macquarie Group that are not referred to in this document. You are responsible for ensuring that you use the correct contact details and accept that if incorrect contact details are used, your application may be delayed or not processed. Please call Client Services on 1800 814 523 or +61 2 8245 4900 if you would like to confirm our address or fax number.

Payment

You must contact Client Service on 1800 814 523 or +61 2 8245 4900 for instructions before depositing via RTGS, bank transfer or Exigo.

Incomplete or invalid applications

Where an application is not complete for Anti-Money Laundering and Counter-Terrorism Financing Laws (AML/CTF) purposes or is otherwise incomplete, we will seek to contact you to obtain the missing information. Your application will not be accepted by us, nor units issued to you, unless our AML/CTF verification can be completed or other issues addressed.

On the day that your application is completed to our satisfaction, it will be accepted by us and units issued to you. If the AML/CTF verification or other issues are not finalised to our satisfaction within 30 days of the original application date, your application will be returned to you.

Please note that we reserve the right to refuse any application without providing a reason.

Tax file number and Australian business number

Providing your tax file number (TFN) or Australian business number (ABN) on the application form is not compulsory and it is not an offence if you decline to quote them. However, if you decide not to quote your TFN or ABN, or your reason for exemption, tax at the highest marginal rate plus Medicare levy will be deducted from your income. For joint applicants, the TFNs of both applicants are required.

Terms and conditions

Each investor (you) agrees to be bound by the provisions of the Fund's constitution and Product Disclosure Statement, as amended from time to time.

Instructions received by facsimile

If we receive instructions by facsimile, from you or your Agent, you release us from and indemnify us against all losses and liabilities arising from any payment or action we make based on the instruction, even if not genuine, bearing your account number, a signature apparently yours or that of an authorised signatory on the account. You also agree that neither you nor anyone claiming through you has any claim against us or the funds in relation to these payments or actions. There is a risk that fraudulent facsimile instructions can be given by someone who has access to your account number and a copy of your signature.

We reserve the right to add further requirements or to discontinue this service at any time.

Use of your personal information by Macquarie

Completing the application form means that you agree to us collecting, holding and using your personal information as described in the Product Disclosure Statement.

Confirmation of instructions

Macquarie has procedures to confirm the following instructions with you:

- > a redemption greater than or equal to \$1 million;
- > a redemption to an account which is not the pre-nominated bank account, even if it has the same account name as the redeeming account;
- > change of bank account details;
- > change of distribution method from reinvestment to direct credit to a new bank account;
- > change of authorised signatory / signatories;
- > change of postal address.

Please note that if we are unable to contact an authorised signatory, Macquarie may postpone the processing of the instruction until we have been able to make contact. Your instruction will not be treated as having been received until we are able to contact the authorised signatory and confirm the instruction, unless Macquarie otherwise determines.

Client Service

For assistance or further information, contact Client Service, 8.30am to 6.00pm Sydney time, Monday to Friday by:

- > phone on 1800 814 523 or +61 2 8245 4900;
- > fax on +61 2 8232 4730;
- > email to mfg.clientservice@macquarie.com

Appointing an Agent

If you would like to appoint an agent to act on your behalf, please contact Client Service, 8.30am to 6.00pm Sydney time, Monday to Friday by:

- > phone on 1800 814 523 or +61 2 8245 4900;
- > fax on +61 2 8232 4730;
- > email to mfg.clientservice@macquarie.com

Completing the identification form – Section B

What is an original certified copy?

An original certified copy is a document that has been certified as a true copy of the original document by one of the following:

- > An officer with, or authorised representative of, a holder of an Australian financial services licence, having 2 or more continuous years of service with one or more licensees.
- > Finance company officer with 2 or more continuous years of service with one or more finance companies (for the purposes of the Statutory Declaration Regulations 1993).
- > An officer with 2 or more continuous years of service with one or more financial institutions (for the purposes of the Statutory Declaration Regulations 1993).
- > A permanent employee of the Australian Postal Corporation with 2 or more years of continuous service who is employed in an office supplying postal services to the public.
- > An agent of the Australian Postal Corporation who is in charge of an office supplying postal services to the public.
- > A Justice of the Peace.
- > A person who is enrolled on the roll of the Supreme Court of a State or Territory, or the High Court of Australia, as a legal practitioner (however described).
- > A judge of a court.
- > A magistrate.
- > A chief executive officer of a Commonwealth court.
- > A registrar or deputy registrar of a court.
- > An Australian police officer.
- > An Australian consular officer or an Australian diplomatic officer (within the meaning of the Consular Fees Act 1955).
- > A member of the Institute of Chartered Accountants in Australia, CPA Australia or the National Institute of Accountants with 2 or more years of continuous membership.
- > A notary public (for the purposes of the Statutory Declaration Regulations 1993).

Alternative sources of identification for Individuals / Joint / Sole Trader Applicants

Australian Documentation

An original or original certified copy of one of:

- > Australian birth certificate; or
- > Australian citizenship certificate; or
- > Pension card issued by Centrelink; or
- > Health card issued by Centrelink;

And one of:

- > An original notice issued to an individual, of a kind listed below, that contains the name of the individual and his or her residential address:
 - Issued by the Commonwealth or a State or Territory within the preceding 12 months that records the provision of financial benefits to the individual; or
 - Issued by the Australian Taxation Office within the preceding 12 months that records a debt payable to or by the individual by or to the Commonwealth under a taxation law; or
 - Issued by a local government body or utilities provider within the preceding 3 months that records the provision of services to that address or to that person; or
- > If the customer is under the age of 18, a notice that:
 - was issued to by a school principal within the preceding three months;
 - contains the name of the customer and his or her residential address; and
 - records the period of time that the customer attended at the school.

Foreign Documentation

An original or original certified copy of a current:

- > National Identity Card issued by a foreign government containing a photograph and signature of the person in whose name the card is issued; and
- > Foreign driver's licence that contains a photograph of the person in whose name it was issued.

Where any document relied on as part of the procedure is in a language that is not English, it must be accompanied by an English translation prepared by an accredited translator.

Section A - Investment Application

To be completed by all investors

To accompany Product Disclosure Statement

This investment application form is issued with the Product Disclosure Statement along with any associated Supplementary Product Disclosure Statements. Do not use this form unless it accompanies the relevant Product Disclosure Statement. If you received the Product Disclosure Statement and application form electronically and would like to receive a paper copy of these documents, Macquarie can send you a copy free of charge by calling Client Service on: 1800 814 523 or +61 2 8245 4900.

- ii. I/We agree to be bound by the terms of the Product Disclosure Statement and the Supplementary Product Disclosure Statement(s) (if any) for the Fund.
- iii. If I/we have received the Product Disclosure Statement from the internet or other electronic means, I/we declare that it was received either personally or a printout was accompanied by the application form before making an application for units in the Fund.
- iv. I/We will not knowingly do anything to put Macquarie in breach of the Anti-Money Laundering and Counter-Terrorism Financing Act 2006 and related rules (AML/CTF Laws). I/We will notify Macquarie if I/we are aware of anything that would put Macquarie in breach of AML/CTF Laws.
- v. If requested, I/we will provide additional information and assistance, and comply with all reasonable requests to facilitate Macquarie's compliance with AML/CTF Laws in Australia or an equivalent overseas jurisdiction.
- vi. I/we undertake that I/we are not aware and have no reason to suspect that:
 - > the money used to fund the investment is derived from or related to money laundering, terrorism financing or similar activities (Illegal Activities); and
 - > proceeds of investment made in connection with this Fund will fund illegal activities.
- vii. I/We confirm that I/we have provided all information required and that the information is accurate, complete and up to date.
- viii. I/We confirm that, if I/we have applied through a financial adviser who has completed the FSC/FPA identification form, I/we have provided all information required in that form, and that information is accurate, complete and up to date.

Macquarie is subject to AML/CTF Laws. You consent to Macquarie disclosing your personal information in connection with AML/CTF Laws.

In certain circumstances, Macquarie may be obliged to freeze or block an account where it is used in connection with Illegal Activities or suspected Illegal Activities. Freezing or blocking can arise as a result of Macquarie's account monitoring obligations under the AML/CTF Laws. If this occurs, Macquarie is not liable to you for any consequences or losses whatsoever and you agree to indemnify Macquarie if it is found liable to a third party in connection with the freezing or blocking of your account.

Macquarie retains the right not to provide services or issue products to any applicant that it decides, in its sole discretion, that it does not wish to supply.

YOU SHOULD READ THE PRODUCT DISCLOSURE STATEMENT BEFORE SIGNING THE APPLICATION FORM.

I/We acknowledge that investments in the Fund are not deposits with or other liabilities of Macquarie Bank Limited ABN 46 008 583 542, or of any Macquarie Group company, and are subject to investment risk, including possible delays in repayment and loss of income and principal invested.

I/We further acknowledge that neither Macquarie Bank Limited, Macquarie Investment Management Limited ABN 66 002 867 003, nor any other member company of the Macquarie Group, guarantees the performance of the Fund nor do they guarantee the repayment of capital from the Fund or any particular rate of return.

Section B – Investor Identification

In December 2006 the Australian Government introduced the Anti-Money Laundering and Counter-Terrorism Act which requires reporting entities such as Macquarie to conduct client identification and verification checks. Please ensure the applicable identification form is completed and the requested identification verification information (as detailed in the new account checklist) is provided - incomplete applications or missing verification documentation may delay the processing of your application.

PLEASE USE BLOCK LETTERS AND BLACK INK TO COMPLETE

Section C - Adviser Declaration

Adviser name	<input type="text"/>		
Company name	<input type="text"/>		
Dealer Group	<input type="text"/>	AFSL	<input type="text"/>
Phone	<input type="text"/>	Email	<input type="text"/>
Address	<input type="text"/>		
Signature	<input type="text"/>		

Please attach a copy of the relevant completed FSC/FPA Identification Form in relation to the applicant referred to in this application form.

By signing above and attaching the FSC/FPA Identification Form, the Adviser represents to Macquarie that they:

- > **have followed FSC/FPA guidelines and completed the applicable FSC/FPA client identification and verification forms as required;**
- > **have provided all required information on the FSC/FPA client identification and verification forms and that the information is accurate, complete and up to date;**
- > **have kept a record of that identification and verification, and will retain it in their file for a period of 7 years after their relationship with the applicant has ended;**
- > **will provide a copy of any record of identification to Macquarie within 5 Business Days of a request to do so**
- > **will use reasonable efforts to obtain additional information from the applicant if Macquarie requests the Adviser to do so;**
- > **will allow Macquarie to have access to any records of identification on reasonable notice to the Adviser;**
- > **will not knowingly do anything to put Macquarie in breach of the AML/CTF Laws; and**
- > **will notify Macquarie if they are aware of anything that would put Macquarie in breach of AML/CTF Laws.**

Section D - Online Registration

Use this form to register with MFG Online. If you hold more than one Macquarie account, the same Macquarie Access Code will apply to all accounts.

MFG Online - Macquarie Managed Investments

It is compulsory to complete all fields marked with *.

1	Your personal details	<p>* What is your name? (Please use BLOCK letters)</p> <input type="text"/>	<p>* Date of birth</p> <input type="text"/> / <input type="text"/> / <input type="text"/>
		<p>* What is your address? (Your Macquarie Access Code will be mailed to this address)</p> <input type="text"/> <input type="text"/>	
		<input type="text"/>	<p>Postcode</p> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/>
		<p>* Contact number(s)</p> <p>(<input type="text"/>) <input type="text"/> (<input type="text"/>) <input type="text"/></p>	
		<p>* What is your email address?</p> <input type="text"/>	

2	Macquarie Access Code	<p>Do you have an existing Macquarie Access Code:</p>	
		<input type="checkbox"/> Yes	<input type="checkbox"/> No
		<p>Macquarie Access Code <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/></p>	
		<p>If you supply an existing Macquarie Access Code with an application for a new account, your new account number will be added once it has been established. Macquarie Access Codes are issued for individual account holders. If you have a joint account and would both like access to MFG Online, you will need to complete individual registration forms and we will then issue each of you with your own Macquarie Access code.</p>	

3	Declaration	<p>Please provide details of other accounts for which you are a signatory and would like access, and then sign below. You will also require the signature of any joint signatory for each account.</p>	
		a) What is your account number?	<input type="text"/>

Terms and Conditions

1. Definitions

In these terms and conditions:

- 1.1 “Business Day” means any day on which banks in Sydney are able to settle through the Reserve Bank of Australia.
- 1.2 “Code” or “codes” means the Macquarie Access Code, user identifications, passwords, Personal Identification Numbers (PINs) and any other security codes or devices necessary to access our MFG Online.
- 1.3 “Payment” means a payment of any type including by funds transfer or by any other method.
- 1.4 “We”, “us” or “our” refers to Macquarie Bank Ltd, Macquarie Investment Management Limited, and each other member of the Macquarie Group, their employees and agents.
- 1.5 “You” means you the client and/or any person carrying out any transaction on your behalf. For example, a person you have given third party access to.
- 2.1 General terms for MFG Online
- 2.1.1 We provide a secure internet service which enable you to access information about your account and make payments to other accounts. Throughout these terms this service is referred to as MFG Online.
- 2.1.2 You accept these conditions of use each time MFG Online is used in conjunction with your codes.
- 2.1.3 You agree:
- to use MFG Online only if permitted by us for legitimate purposes;
 - not to interfere with or damage (or attempt to interfere or damage) any code, data or software associated with MFG Online;
 - anything associated with or available through MFG Online belongs to us or other third persons and is protected by intellectual property rights and you agree not to access, download or otherwise use such things other than as expressly permitted by these conditions of use. You accept full responsibility and you indemnify us for any expense, loss or liability incurred as a result of any unauthorised use by you of such things;
 - to keep confidential and secure any information or data obtained at any time by using MFG Online; and
 - to keep each code secure.
- 2.1.4 We will be entitled to assume that any user has your authority each time MFG Online is used in conjunction with your codes, except for any use occurring after you have given us notice to the contrary.
- 2.1.5 We will use reasonable efforts to provide (but do not guarantee that we will provide) reliable data and information, to the extent that it is within our control. We take no responsibility for the reliability of data and information outside our control.
- 2.1.6 Subject to conditions and warranties implied by legislation, we exclude:
- liability for any delay, interruption or unavailability of MFG Online and for any inaccuracy or incompleteness of data provided by any person and available via MFG Online; and
 - all terms implied by statute, general law or custom except ones that may not be excluded. If we breach any condition or warranty implied by legislation in a contract with a consumer, liability for that breach is limited to a resupply of the goods or services in respect of which the breach occurred.
- 2.1.7 We:
- will use all reasonable efforts to provide (but do not guarantee we will provide) access to MFG Online at all reasonable times;
 - reserve the right to suspend or terminate use of MFG Online at any time and for any reason.
- 2.1.8 You may end use of this service at any time by giving us written notice or request us to cancel the authority of an authorised user to access your account(s) using the service at any time. We may require written confirmation of this request.
- 2.2 Payments through MFG Online.
- 2.2.1 We will confirm the receipt of instructions to transact (although not the transaction itself) on receipt of instructions.
- 2.2.2 You should check your account records carefully and promptly report to us as soon as you become aware of any payments that you think are errors or are payments that you did not authorise or you think were made by someone else without your permission (see clause 3 for liability for unauthorised payments).
- 2.2.3 You must also notify us promptly if you become aware that you have made a mistake or you become aware of any delays or mistakes in processing your transactions.
- 2.2.4 You must be careful to ensure that you tell us the correct amount you wish to pay to the correct recipient. If you instruct us to make a payment and you later discover that:
- the amount you told us to pay was greater than the amount you needed to pay, you must contact the recipient to obtain a refund of the excess;
 - the amount you told us to pay was less than the amount you needed to pay, you can make another payment for the difference between the amount actually paid to the recipient and the amount you needed to pay.
- 2.2.5 We will be entitled to abide by any transaction undertaken via MFG Online in conjunction with your codes whether or not the user is authorised, subject only to sufficiency of funds and other terms agreed between you and us.
- 2.2.6 You cannot stop an immediate payment once you have instructed us to make that payment. You can stop or make changes to a future transfer provided that you give us no less than one Business Days notice.
- 2.2.7 We will not be obliged to effect a payment if:
- it is not made in accordance with these conditions of use;
 - the information given to us is incomplete and /or inaccurate;
 - we are restricted or prohibited by law, regulation, industry code, or the requirement of a government or similar authority from permitting the payment to occur.
- 2.2.8 We are not obliged to process your instructions under these conditions;
- the instructions are not accepted by our system;
 - there is a technical failure outside our system which causes a delay in the transmission or acceptance of the instructions; or
 - The financial institution to which the payment is made causes a delay or error in accepting it.
- 2.2.9 A delay may occur in the processing of a payment. We will use reasonable endeavours to correct such delay. While it is expected that any delay in processing under this agreement for any reason set out in 2.2.7 and 2.2.8 will not continue for more than one Business Day, any such delay may continue for a longer period.
- 2.2.10 A delay might occur in the processing of a payment where:
- there is a public or bank holiday on the day after you tell us to make a payment;
 - You tell us to make a payment either on a day which is not a Business Day or after the payment cutoff time on a Business Day;
- 2.2.11 There could be technical or other reasons why a future dated payment will not be made in accordance with your request. In the event that this happens, except where this is caused by a failure of our system or equipment we will not be liable for any loss or damage suffered as a result.
- 2.2.12 We are not liable for any consequential loss or damage you suffer as a result of using MFG Online to make payments, other than due to any loss or damage you suffer due to our negligence, a malfunction of our system or equipment or in relation to any breach of a condition or warranty implied by law in contracts for the supply of goods and services and which may not be excluded, restricted or modified at all or only to a limited extent. Where you suffer loss or damage as a result of malfunction of our system or equipment, and you should have been aware of the malfunction, our liability is limited to correcting errors in the account and refunding any resulting fees and charges.
- 2.2.13 We will not process any payments scheduled to be made while your right to participate in MFG Online is suspended.
- 2.3 Liability for unauthorised transactions.
- An unauthorised transaction is a transaction which is not authorised by you or is executed without your knowledge or consent. If you find an unauthorised transaction, you suspect that any person has gained access to your codes or is using your codes without your authorisation or your codes are lost or stolen, contact us immediately.
- 2.3.1 You will not be liable for any unauthorised transaction where:
- there was fraudulent or negligent conduct by our employees or agents, or companies involved in the networking arrangements or merchants who are linked to the system;
 - a forged, faulty, expired or cancelled code was used or the transaction took place before you received the code;
 - the transaction has been incorrectly debited more than once to the same account or the transaction took place after you told us that there had been a security breach on your code;
 - we expressly authorised the conduct that contributed to the unauthorised transaction; or
 - where it is clear you have not contributed to the loss resulting from the unauthorised transaction.
- 2.3.2 If you are unable to report the loss, theft or unauthorised use of a code due to our notification facilities being unavailable, you are not liable for any losses occurring during that period provided that notification is made to us within a reasonable time of the facility becoming available.
- 2.3.3 You will be liable for losses resulting from unauthorised transactions where we can prove that you contributed to the loss by acting fraudulently, not keeping your code secure or secret or unreasonably delaying notifying us after becoming aware of the misuse, loss, theft or breach of security of your code.
